

HOW TO MAKE A STAINED GLASS WINDOW

You need:

Paper Pencil Coloured Vivids OHT

Method:

1. Take a piece of paper and pencil and sketch a design on the paper.
2. Change the design until you are happy with it and colour it in with colouring pencils.
3. Trace the design on to the OHT and colour it in with vivid
4. Stick it on a bright sunny window.

If the sunlight changes colour through it then you have done it correctly.
